

DynamoDB - Best Practices

DynamoDB is turning out to be one of the critical services from Certification perspective.

Here are two light readings that I would encourage you all to review before going for certification exam.

Best Practices for DynamoDB

<http://docs.aws.amazon.com/amazondynamodb/latest/developerguide/BestPractices.html>

DynamoDB Limits

<http://docs.aws.amazon.com/amazondynamodb/latest/developerguide/Limits.html>
